The News Threatened.

Because THE NEWS has dared, on two occasions, to criticize the fearful service of the East Tennessee Telephone Company in Paris, it has been warned (over the 'phone,) by the "manager" of the Paris plant, that if it dares to do the like again that the mighty corporation will make it cost the proprietor of THE NEWS "more than he has made on his paper in the last several years." The proprietor of THE NEWS informed him that if he knew his business half as well as the News man did his, that there probably would never have been anything said.

Another member of this mighty corporation remarked this week that the "Home Telephone Company had all the Paris papers bought." THE NEWS has never received one penny from the Home Company and it has never even been promised any work by them.

The E. T. T. Company has been a good customer of THE NEWS and has spent a great deal of money with us, but that is no reason why we should refrain from expressing the sentiments of the Paris people, as we have given them value received for all their work. We want to say to the Paris "manager" that when he has any more bluffs or threats to make, he will have to try them on some one else besides THE NEWS.

Freight Wreck at Austerlitz.

Yesterday afternoon, a freight wreck occurred at Austerlitz, on the L. & N. road. A caboose was turned over and several employees of the road were injured, more or less.

The injured were: J. D. Martin, conductor, ankle sprained and badly bruised about the breast.

James Hardy, collar bone broken and badly bruised.

Ed. Wiley, ankle sprained, and bruised and cut in the face and mouth.

The injured were all brought to Paris and Drs. Fithian and Daugherty were summoned.

H. O. BUCK Wheat Flour at "Little Cook's." None better. (18oct2t)

The Chinn Murder.

The recent murder of Addison B. Chinn, of Lexington, has at last been cleared up, by Whitney and O'Brien making a full confession. The news that the confession had been made, resulted in an angry mob forming at the jail and the prisoners were taken to Louisville for safe keeping. For full account see page 2.

DON'T be kicked around like a football because someone advertises a Shoe at a cut price. We have sold the "Walk-Over" for several years and there are no kicks on them. \$3.50 and \$4.00 at CLAY'S SHOE STORE.

A Good Game.

The Paris Base Ball Club and the Clintonville Blues played a game at Bacon's Park, on Wednesday, which was well attended and much enjoyed. Up to the eighth inning the score stood 3 to 3 and was as clean a game as had been seen here in years. At this point, the "Clints" got rattled and began to lose. At the finish, the score stood 14 to 4, in favor of Paris.

The Clintonville nine was strengthened by some players from Clay City, while Paris had two from Cynthiaans and one from Millersburg.

The batteries for Paris were Hinton and Dempsey, and for Clintonville, Linville and Russell and the Cooper Brothers.

Paris On a Boom.

On every hand, improvement is the order of the day in Paris. The city is building up and much progress is shown in all directions. There has been more building going on here during the past Summer than has been known for years.

The new Christian Church is nearing completion, and when completed will be one of the handsomest church edifices the State.

The new post-office is one of the most conveniently arranged offices to be found anywhere, and is a credit to the city.

The new Home Telephone Company are rapidly completing their work and will soon be ready for business, so that we will have better service in the future.

The new Elks' Home, to be erected where Stephens' grocery stands, will be a handsome structure and modern in all its appointments.

And last, but by no means the least, we are to have an interurban road between here and Lexington, and it is to be hoped that it will not be a great while till we have a road to Millersburg or North Middletown.

So it can plainly be seen that our little city is by no means asleep, but is wide awake and what we should do is to encourage improvements of all kinds and build up the town.

The Interurban Road.

That the Bluegrass Traction Company is in earnest may be judged from the fact that on Wednesday, the contract for the grading for the entire line of eighteen miles between Paris and Lexington, was let. The contractors moved their machinery, tools, etc., to this end of the line and work was begun yesterday.

The Traction Company has secured an option on the Paris Electric Light and Power Company's plant, which will furnish the power for the road for nine miles of the distance, on this end. The other nine miles will be operated by power from the Lexington electric plant.

Work on the road will be pushed and no time lost, when weather will permit. The only objection that was ever made against the building of the road between this city and Lexington, was that our merchants were anxious that the road should also be built between here and North Middletown or Millersburg. It is understood that parties here will ask for a franchise for a road to be operated between Paris and Millersburg and our people should give them all the assistance and encouragement they can, as a line to that place would be of incalculable benefit to Paris.

The Bluegrass Traction Company have agreed to give any company that would extend the line to either of these places the sum of \$10,000. Now let the good work proceed and Paris will soon be a progressive city.
